

# A Day at Dollar General: Learn While Shopping

NCFL and the Dollar General Literacy Foundation have teamed up to educate families about money management through “A Day at Dollar General: Learn While Shopping.” The free online interactive game makes it fun and educational for both children and parents to learn basic budgeting skills. The Program Instructional Guide features specific financial literacy lessons and intergenerational activities that parents can engage in with their children.

The materials are also available free to download from our Web site:
